# Who we are ?

## OVERVIEW

GramrajyaVikasEvamPrashikshanSanstha (GVPS) is a non-profit, non-government development organization committed to improving the lives of disadvantaged communities in Rajasthan, India, utilising an integrated and sustainable approach. It prioritises participation and empowerment of local communities. GVPS evolved out of a grass root level organization in 2002 in the village of Nangal Sherpur in the Karauli district of Rajasthan. The organisation was registered under Rajasthan Society Registration Act, 1958. The organization, committed to improving lives of disadvantaged communities in Rajasthan, India, utilising an integrated and sustainable approach. It prioritises participation and empowerment of local communities. GVPS became involved in local efforts to enhance the well-being of communities that have been living in this region amongst these deficits. From its humble beginnings, GVPS today is a rapidly growing organisation supported by numerous donors. It implements specific community-need based programmes to reduce and ultimately eradicate poverty. It also links up environmental issues with human needs. GVPS, with long sustained experience understands that poverty reduction strategy must essentially address all the interlinked developmental issues an impoverished community faces every day. GVPS, thus continues improving the quality of life of the disadvantaged sections of communities living deep within the Rajasthan remote rural, urban and semi-urban operational areas by its relentless sustainable work on varied range of issues like ill health, child rights issues, lack of livelihood opportunities, and protect the environment. The organization is also registered under Foreign Contribution (Regulation) Act 1976, Section 12A Income Tax Act 1961; Activities of GVPS are operational in Karauli, Bundi,

GVPS's approach of integrated sustainable development includes the following thematic areas:

- **Health and Nutrition**
- **Child Education and Protection**
- **Livelihood and Women's Empowerment**
- **Protection of Environment**

### **Vision:**

“A society free from all kind of discriminations and all sections has equal rights to access resources, where marginalized and deprived communities are socially, politically and economically empowered to take part in the development processes”.

### **Mission:**

“Strengthen marginalized sections of society especially women, adolescent girls and children to reduce social inequity, inequality and empower them to enforce their basic human rights to live life with dignity”.

### **Core Strategies:**

Formation of Community based institutions  
Strengthen CBOs through capacity building  
Local Resource Mobilization  
Public, private partnership  
Continuous Monitoring  
Documentation of best practices  
Convergence and Advocacy

## Girls Education Program, IIMPACT

There are to 81 learning Centres are being running in Rajasthan by GramrajyaVikashEvamPrashikshanSanshtan (GVPS) for slow learner from girls' child to mainstream them in the Government school. Among the 81 learning Centres, 38 learning centres are in Bundi District and 43 learning Centres are in karauli District. In the 60 learning Centres total 2282 girls are enrolled. For joyful learning of the students a library has been found where different colourful books are available for the students. There Audiovisual teaching system is arranged for the student. In that system Laptop and projector screen are used to teach Mathematics, Hindi, and English very simply. So the student are attracted to come to their centre and they can also understand easily and can remember for a long days.

In girls education programme total students are 2282 (Bundi – 978. Karauli - 1304). Among them 176 girls from Bundi and 54 girls from Karauli have been mainstreamed in the Government School. 81 Centres Management committee have been formed in 81 villages for monitoring the centres regularly. For the Cognitive development of the girl child, a library has been formed and Information technology is being used in education process. All the teachers (81) are trained regularly for their capacity building on different teaching techniques, TLM preparation, Centre management etc.

No of coordinator	1	1
1-4 level	225	228
5-8	270	553
9-12	171	374
13-16	211	131
17-20	101	0

# Health and Nutrition

- 1825 Pregnant women covered by ANC
- 1654 lactating mothers provided PNC | 100% new born babies immunized among reached out and addressed masses
- 3456 patients treated through outreach camp service
- Around 13500 families reached out through Health Services and Awareness Communication
- 1376 institutional delivery
- 324 malnourished mothers support to home based nutritional care support

Following the core principles of 'Equal Opportunity for All' and to attain the targets of Sustainable Development Goal (SDG) No. 2, we continue to strive at creating Health Care Access opportunities and making health care services accessible to the remotest areas of Rajasthan and through Mother and Child Health and Outreach Programs. In addition, for a healthier tomorrow we begun stressing on Nutrition & Nutrition Promotional programs in our operational areas and sometimes also beyond that.

GVPS's Mother and Child Health Programme in Rajasthan has now gained momentum and succeeded in providing Health Services to the unreached communities of remote area while creating awareness through campaigns, Health Camps, visiting individual houses, etc. The robust team of community health workers remained successful in mobilizing communities in remote villages gradually to give up unscientific and unsafe remedies offered by quacks and exorcists, and opt for scientific health care. This has resulted in a decrease in the Infant and Maternal Mortality Rate while ensuring safe motherhood, institutional intervention and improved community health at large. In order to consolidate the Community Health Programme and bring the community under the purview of Institutional Health Service.
